Writing

Time: 30 min.

Your teacher suggested that you should take part in the contest of critical reviewing «Reviews wanted». Contestants are invited to express their opinion about any book, film, TV show, vlog, podcast, computer game, etc. that affected them and / or people at large.

Share your ideas on the following issue:

WHO HAS GOT POWER TO INFLUENCE PEOPLE?

Write a composition of about 100 - 140 words in an appropriate style. Remember to structure your writing carefully:

- give an introduction (express your opinion on how people get affected),
- provide examples of influential things or phenomena and their impact,
- think of the reasons what makes books, films, TV shows, vlogs, etc. resound and resonate with the people,
- make a conclusion about influencers and people getting under the influence.

I would like to write about "Reviews wanted"
I think that people get develop their mind with
help v different way. For example ~~its~~ books help
know about last activities in our country and know
near world, TV show help look for activities
in globe city. Vlog help become more smart. But also
in 21 century you can get ~~an~~ useful information and
can't develop your ^{mind} ~~mind~~ but ~~to~~ for example computer
games ~~don't~~ only useful because you can become
stupid. And now day we have electronic books
it's also bad because you do your eyes
eyes bad damage when along time see ~~in~~
screen. I think computer games it's not worse
but games in real life ~~more~~ best better.
